Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the specification:

Page 1, in the section of "Cross Reference to Related Application", line 7, after the year '2002', insert -- , now US Patent 6,888,004 –

In the Claim:

Claim 1: page 6 (of the amendment 1-10-07), line 8, in the definition of Y², delete "N,".

Authorization for this examiner's amendment was given in a telephone interview with Mr. Shah R. Makujina on 3-27-07.

Allowable Subject Matter

Applicant's amendment of 01-10-07 has overcome the previous rejection of 112/1st paragraph, and objection to the specification by amending Formula (Z') in the specification.

With no other outstanding rejection, pending claims 1-16, 19 and 20 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The invention is drawn to compounds of substituted 5,6,7,8-imidazo[1,2-*a*]pyrimidine; pharmaceutical composition, and method of treating depression and anxiety using said compounds. The closest reference, **Furuya et. al.** (US'419 cited previously), teaches related compounds. However, their compounds have the phenyl group on the imidazo part whereas the claimed compound does not have a phenyl group at such a location. Also, there is no express motivation to modify Furuya's compound to obtain the claimed compound. Thus, no prima facie case of obviousness can be established.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tamthom N. Truong whose telephone number is 571-272-0676. The examiner can normally be reached on M, T and Th (9:00-5:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James O. Wilson can be reached on 571-272-0661. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
